

## SELF INFLICTED INSOMNIA

self induced insomnia  
like a dark shadow over ma  
mind and back  
struggle to relax  
fear manifest only held back

when i realize the obvious truth  
heart chakra break through  
higher self sometimes too  
with the aid of them mushy blue  
psilocybin laced with mescaline  
Gnosis is the awakening

but now my higher self  
has stepped back into the shadows  
reduced to a drug induced insomnia  
where the creative philosopher hallows

deep thought and insight lost in time  
expressed only through the arts,  
sometimes rhymes  
reminiscing them art crimes  
my distant brother Simba may be gone  
but remnants of his creative soul  
will always live on

i try to stay headstrong  
stuck in a system i don't belong  
so i stay in my own ambient dome  
where the insomnia has me thrown  
into a personal realm  
that is the same but different  
to what all individuals delve

wish it didn't but drugs help  
its like a chemical super nova  
worse than J.E.N.O.V.A.  
a blackhole & nothing can stop it  
cant close my eye socket

but like a blackhole  
my creativity gravitates around it  
what's there to regret  
nothing inside  
but the pain the world hides  
its shocking but its still denied

when will people realise  
ignorance is like cyanide  
look deep inside  
and if theres any hope you'll find  
something worthy of a human mind  
instead of a Babylon installed hard-drive

I came to this planet  
to Resonate that Love vibration,  
Me and all my family  
came to free this enslaved nation,  
Remove the parasites  
that cling to Occupation!  
Presence of Light makes Man (Mankind)  
desire Liberation!

My Mortal body  
is just a Temp. Organic Vessel,  
To Help as many People  
Elevate to higher Levels,  
For the prison is one  
that stems from Fear!  
Higher Vibrations  
makes this Truth all So Clear

SO AS THIS MOST  
BEAUTIFULLY DIVINE VIRUS  
SPREADS THROUGHOUT THE MASSES,  
HUMAN RACE EMPOWERED  
REINVENTS THEIR FORMER STATUS  
EVERY SINGLE SOUL IS INFINITE  
AND CAN TAP INTO THE SOURCE

SO EACH AND EVERY SOUL  
HAS THE POWER TO CHANGE  
ITS OWN COURSE  
YOU THOUGHT YOU WAS OUR MASTER,  
A DARK SUPERIOR FORCE,  
THE DIVINE IS LOVE AND LIGHT,  
YOURS WAS ALWAYS A LOST CAUSE!

ChronicRedEye said it right  
about not sleeping at night  
whilst holding a vision  
that goes beyond religion  
a potential purpose for livin'  
has been hidden  
by the people sinnin'  
and sittin' at the top  
causing Gaia to rot

seems it ain't gonna stop  
unless we retrieve what we lost  
but we either dumb or forgot  
which drives the awake to lose the plot  
trying to help people unlock  
sick of Babylon mind block  
staring at a spinning clock  
WHEN WILL THIS  
SELF INDUCED INSOMNIA STOP?!

## **SUPER NOVA**
